### Global Network

- North America
- Europe
- South America
- Oceania
- Africa

## How NUWAVE's ISO Certifications Benefits NUWAVE Partners

NUWAVE has recently increased its security posture by adding 3 more ISO certifications to its existing ISO 27001 status. ISO 27017, 271018, and 27701 certifications are now also in place for meeting the NEW Industry standard for protecting Enterprise Cloud services that NUWAVE takes to market to customers and enables through its Partners.

NUWAVE has chosen to implement the most trusted global security certification, audited by independent bodies to ensure compliance with strict standards of practice, fostering trust and assurance.

**Reduces**

**the risk of cyberattacks...**

by processing customer data securely according to best practices.
